DOG CATCHER NOW AT WORK

AND AS A RESULT THERE ARE A
LARGE NUMBER OF CANINES
HELD AT POLICE HEADQUAR-
TERS AWAITING THE ARRIVAL
OF THEIR OWNERS.

The dog catcher, who was recently
appointed to that position, put in some
good work during yesterday, and be-
fore night he had corralled a dozen or
more curs which were roaming the
streets of the city.

The dog law went into effect on July
1, and although quite a number of
persons went to the office of Comptroller
Morgan and secured the necessary
tag, there are still hundreds of
dogs running at large, and the dog
catcher will see that these animals
are either put in the pound or else
that their owners pay for tags.

Under the present law any dog run-
ning at large must have on its collar
a tag from the city or else it will be
placed in the pound at the police station.
A new house has just been con-
structed, and although the dog catcher
has been at work only a few days
there are already a large number of
animals in pound.

A sight seldom seen in Pensacola
was witnessed yesterday afternoon,
when the dog catcher, accompanied
by half a dozen small boys, passed
down Palafox street. The dog man
had about five dogs tied together,
while some of the negro boys had
puppies in their arms. All were bound
for the police station, where the animals
will be held until the owners pay
them out, or else will be killed at the
expiration of a certain period.

THE RACES AT KUPFRIAN'S PARK

MUCH INTEREST BEING MANI-
FESTED IN THE OUTCOME
OF THE TWO MATCHES
TO-DAY.

The races at Kupfrian's Park, which
have been talked of in Pensacola for
several days, will occur this afternoon,
and it is expected that the event will
be attended by hundreds of persons,
as much interest is being taken in
the affair.

The first event will be between
Gray John and Little Joe. Both these
horses are in good condition, and will
make good time. Quite a neat sum of
money has been placed on the result,
but Gray John is generally picked as
the winner.

Blue Ribbon, the Pensacola pacer,
and Katie Wilkes, a Montgomery
mare, are matched for the second race.
Blue Ribbon is the favorite for this
race. She has had considerable training
during the past few days, and it is
believed by her backers that she
will win every heat.

SEEKING SITE FOR THE GOVERNOR'S MANSION.

Tallahassee, July 6.—Since the visit
here of the commission appointed to
build the governor's mansion, active
steps are being taken by the citizens
of Tallahassee looking to the purchase
of a suitable site for the building.

A mass meeting was held last night and
this morning two committees went to
work, one to secure options on desir-
able sites, to be submitted to the com-
mission, and another to solicit sub-
scriptions. It is believed that a suit-
able lot can be had for \$6,000. The
finance committee has already secured
more than one-third that amount. The
commission will meet here again on
next Tuesday, and it is expected that
half a dozen or more locations will be
submitted to the members from which
to make a selection. It is also con-
fidently expected that the requisite
amount will be subscribed, so that the
ground selected may be immediately
deeded to the commission. There will
be no delay in pushing the building
so soon as the lot is in possession of
the commission, and it will be ready
for occupancy by next winter.

WEWAHITCHKA

Special to The Journal.
Wewahitchka, July 6.—Mr. C. W.
McAlilly, of Blountstown, Fla., was
here Wednesday.

Mr. Mooney, a dry goods drummer,
was interviewing our merchants sev-
eral days last week.

Prof. Frederick Johnson is now the
guest of Mr. Frank Barnes.
Mr. Geo. McCreary, of Mobile, Ala.,
was in town Thursday.

Mr. F. E. Barnes gave a delightful
fish fry last Saturday. The crowd was
taken to Lake Grove in wagons. After
arriving at Lake Grove the cry of
"All Aboard" was sounded and promp-
tly obeyed. The sun shed its warmest
rays upon these happy fishermen and
gave their complexions rather a "ru-
dy glow." About dinner time a ter-
rible cloud gathered, which drove
them to the shore and instead of fry-
ing the fish at Alligator Landing, they
were forced to go to the Nooks House.

After a most delightful dinner the
crowd started once more for the lake.
They fished only a short time as it
was very late. Those who attended
were Misses Maddox, Isbell, Redd,
Spencer, Harper and Mack; Messrs.
Mack, Johnson, F. E. Barnes, Will
Barnes and Pridgeon.

Mr. C. W. Nelson, of St. Louis, was
here Tuesday.
Mr. M. R. McArthur, of Ocheesee,
was in town Wednesday.

Mr. C. Cunningham was here Thurs-
day.
Mr. J. B. Mayes, a popular grocery
drummer, was here Wednesday.

A crowd of Wewahitchka K. of P.'s
left Monday to organize a lodge at
Blountstown. They were entertained
royally and everything passed off
nicely. The party was composed of
Messrs. C. C. Mack, E. G. Mack, J. B.
Hunter, F. E. Barnes, R. Hunter, Mill
Barnes, Gus Menck, P. C. Rummel, J.
B. Spain, Chas. Glenn, R. L. Tucker
and Mrs. E. G. Mack.

Mr. T. E. Johnson, a popular drum-
mer, was in town Thursday.
Rev. O. C. Dolphy filled his regular
appointment here Sunday.

ASKED TO AID FLORIDA PORT

GEORGIA LEGISLATURE APPEAL-
ED TO FOR BENEFIT OF THE
HARBOR AT CARRABELLE,
BELLE.

The Jacksonville Metropolis says:
The Georgia senators and representa-
tives in congress will be urged by the
legislature to use their influence to-
ward securing the necessary appropria-
tion for improving the harbor at
Carrabelle, Fla.

While at first blush it might seem
beyond the province of the legislature
of Georgia to manifest interest in the
harbor of another state, those who
understand the conditions will realize
how deeply southwestern Georgia in-
particular is interested in the de-
velopment of Carrabelle. This is the
harbor to which the new line, the
Georgia, Florida and Alabama, which
taps some of the most valuable terri-
tory in southwest Georgia, reaches.

The extension of the road northward
is being pushed forward, and in time
this system promises to be of vast im-
portance to the entire state of Geor-
gia. With the proper improvements
of the harbor at Carrabelle, that port
will in time be very valuable to this
state.

Resolutions memorializing congress
in the interests of this enterprise have
been introduced in the Georgia legis-
lature, says the Atlanta Constitution,
by Messrs. Donaldson and Brinson, of
Decatur county, Georgia. They read
as follows:

Whereas, The legislature for the
State of Florida, at its last session,
passed a resolution memorializing con-
gress to appropriate money for the
purpose of deepening the channel at
Carrabelle harbor, Florida; and

Whereas, The said State of Florida
is a southern state, and a sister state
of Georgia, and said harbor is only a
short distance from the border line of
said state of Georgia; and

Whereas, Should said harbor be
deepened it would be of incalculable
benefit not only to the State of Flori-
da, but also to the State of Georgia;
be it

Resolved, By the House of Repre-
sentatives, the Senate concurring,
That our senators and representatives
in congress are hereby requested to in-
troduce in the next United States con-
gress some suitable measures towards
making a sufficient appropriation of
money for Carrabelle harbor, to deep-
en the channel of said harbor so as to
allow seagoing vessels and other water
crafts to take on and discharge their
cargoes at the wharves of the said
town of Carrabelle, Fla., the appropria-
tions heretofore made by congress be-
ing wholly inadequate for said pur-
pose, which is materially to the detri-
ment of the great business interests
of the state of Florida, and to the
state of Georgia, and especially to the
southern counties of the state of Geor-
gia, lying contiguous to that section.

NEW OFFICERS WERE INSTALLED

RATHBONE LODGE, NO. 30, K. OF
P., HELD AN ENTHUSIASTIC
MEETING LAST NIGHT.

An enthusiastic meeting of Rathbone
Lodge No. 30, Knights of Pythias, was
held last night at the Castle Hall,
which was attended not only by a
large number of members of that
lodge, but also by several members of
the order belonging to other lodges.

The event was the installation of
the new officers, who were recently
elected, and who will serve during
the ensuing term.

After this ceremony the newly elect-
ed officers tendered a reception to the
members of the lodge, an excellent
banquet being served in the hall. The
event was greatly enjoyed by those
who had the pleasure of being present.

CATTLE A NUISANCE ON WEST GARDEN STREET.

Numerous complaints have been
heard recently regarding the cattle
running at large on West Garden
street, and last night it reached the
limit. About midnight numerous resi-
dents along that thoroughfare were
awakened by cow, who were grazing
in that section. From the noise, it
appeared that nearly every animal had
a bell attached to its neck, and this
awakened those residing in that sec-
tion. One party, who telephoned The
Journal, stated that it seemed as
though at least fifteen head of cattle
were grazing there. He had telephoned
the police station, and expected
that a mounted officer would be sent
to the point to drive the cows away.
The stock catcher was not spoken of.

WEEKLY REPORT OF CROP CONDITIONS.

Washington, July 6.—The Weather
Bureau's weekly bulletin of crop con-
ditions says:

While cotton is generally improved,
and has made good growth throughout
the cotton belt, the crop is much in
need of sunshine and cultivation in
the central and western districts, in
portions of which too rank growth is
reported. Except in the central dis-
tricts cotton is generally fruiting well.
Boll weevils and other pests are active
in Texas and Louisiana.

Tobacco is suffering from drought
in central North Carolina, and from
lack of cultivation in Kentucky; else-
where this crop is doing well.

Intense Heat in Rome.
Rome, July 6.—Notwithstanding the
prevalence of storms at Milan and
throughout northern Italy, the heat in
Rome continues to be intense and
there were many deaths to-day from
sunstroke.

VENERANS WANT WAR ABOLISHED

UNPUBLISHED RESOLUTION PASS-
ED AT CONFEDERATE REUNION
ADVOCATES PEACE AMONG THE
NATIONS OF THE WORLD.

The following resolution, offered by
Dr. D. K. Morton, of Missouri, was
passed at the recent Confederate reu-
nion, but was not published at the
time of its passage:

"Whereas, Wars between nations
are costly, demoralizing, barbarous
and always entail misery and suffering
upon helpless and miserable victims;
and

"Whereas, It manifests the highest
virtue in a people to inculcate the
doctrines of 'peace on earth, good will
to men'; and

"Whereas, An effort is being made
to meet and adjust by peaceful arbi-
tration the differences and difficulties
which may arise among nations in the
future; and

"Whereas, This meeting represents
the remnant of a people who fought
a long and bloody war, and who have
seen and know its horrors, its cruel
atrocities and its direful consequen-
ces; and

"Whereas, We should save posterity
from the appalling trials and afflictions
through which we have passed and
bequeath to them the blessings of
peace; be it

"Resolved, That we heartily and
earnestly indorse every just and hon-
est effort that may be made by the
civilized nations of the earth to bring
to consummation the establishment
and maintenance of the world's peace
and freedom and ruin and devastation
of cruel and bloody strife; be it

"Resolved, That we as a national
body of the United Confederate Vet-
erans in convention assembled, express
the hope that before the full noonday
of the twentieth century shall come
universal peace shall be declared, and
all the nations of the earth shall have
beaten their swords into plowshares,
their spears into pruning hooks, and
nations shall learn war no more."

"Resolved, That a copy of these
resolutions be forwarded to the Inter-
national Peace Parliamentary Com-
mission which is to meet at Brussels."

BIG DRY KILNS AT WEST LAKE BURNED.

Bellville, July 6.—The big dry kilns
of West Brothers at West Lake, to-
gether with about 10,000 feet of lum-
ber were burned to the ground early
Monday morning. Had it not been for
the excellent fire protection the saw
mill and grounds are equipped with
the saw mill and quite a lot of lumber
might have gone up in smoke also.
The mill has been compelled to close
down for a few days, however, on ac-
count of having sprung the saw man-
drel Tuesday morning.

seven others to jump overboard. A
torpedo boat in the hands of the muti-
neers fired a shell over the town and
at noon the Potemkin left the port,
but maneuvered in sight of the city.
Theodosia has been declared to be in
a state of war.

RUSSIAN OFFICIALS SAY SITUATION IS GRAVE.

St. Petersburg, July 6.—Inquiry at
the admiralty this morning failed to
confirm the report current last night
that the Kniav Potemkin had already
left Theodosia. Admiral Wirenus,
chief of the naval staff, informed the
Associated Press that according to the
latest advices the battleship is still at
Theodosia.

"What will be done?" asked the
correspondent.
"We cannot tell you," was the re-
ply. "The whole affair is in the hands
of Vice-Admiral Chouknin and he has
not communicated his plans to us.
Admiral Kruger's ships were due to
leave Odessa yesterday afternoon.
They should now be arriving at Se-
bastopol."

"Do you think that upon their ar-
rival Vice-Admiral Chouknin will de-
spatch the squadron to capture the
Kniav Potemkin?"
"We do not know what he will do.
In my opinion the easiest and prompt-
est solution would be to send a tor-
pedo boat to sink her and I have ad-
vocated that course. The ship is not
in the hands of her crew, but in the
hands of the revolutionary committee
which went on board at Odessa. They
have issued a high-sounding manifesto
to the powers. They wanted to be
considered insurgents. I presume their
next step will be to ask for recogni-
tion as belligerents. They know their
heads are forfeited and will stop at
nothing. In the eyes of the law they
are outlaws and pirates. The first
thing necessary is to make an example
of the crew and restore discipline in
the Black Sea fleet."

Admiral Wirenus said there was no
truth in the report from Vienna that
four hundred Russian sailors had de-
stroyed a cruiser and sought refuge
on board a British steamer bound for
Constantinople. No Russian cruiser,
the admiral added, has been destroyed
so far as he knew.
